All Wood T-Shaped Desk

A T-shaped wood desk for teams who sit across from each other. One structure, two working edges, finished as a single piece.

SPECIFICATION	DETAILS
Category	Desks
Product type	T-shaped wood desk
Dimensions	Overall footprint 240 x 120 cm; overall height 75 cm. Horizontal bar 240 x 60 cm; centered perpendicular stem 120 x 60 cm overall, including a shared 60 x 60 cm junction and extending 60 cm beyond the bar. Front spans are 90 + 60 + 90 cm.
Dimension status	Final dimensions
Construction	All wood - no exposed metal frame
Material	Wood
Tabletop	One continuous 1.8 cm MDF T-shaped top; no seam at the junction.
Top sections	Bar: 240 x 60 cm, with a centered 60 cm stem and 90 cm on each side. Stem: 120 x 60 cm overall, including the shared 60 x 60 cm junction; the stem extends 60 cm beyond the 60 cm deep bar.
Support panels	Solid central support measuring 60 x 120 cm runs from the front edge to the rear of the stem, meeting both modesty panels. It reaches the tabletop underside (73.2 cm). The 60 cm stem extension is solid; outer side supports span the bar depth. Modesty-panel height is illustrative. Central support follows the supplied side-view hatching; outer support construction is illustrative.
Manufacturing system	Standard wood
Finish options	Natural Oak, Warm Oak, Ash Gray, Walnut Brown
Warranty	1 year against manufacturing defects
Made to order	Available
Custom sizes	Available
Recommended use	Paired workstations, Open offices

AVAILABLE FINISHES

Natural Oak | Warm Oak | Ash Gray | Walnut Brown

PRODUCT PROFILE

A T-shaped wood desk for teams who sit across from each other. One structure, two working edges, finished as a single piece.

TECHNICAL REFERENCE

Overall dimensions, one continuous 1.8 cm tabletop, and the full-depth solid central support joining both front modesty panels follow the supplied drawing. Page 2 projects the same model used by the GLB; outer side-support and modesty-panel details are visual approximations.

DRAWING NOTES

Overall dimensions: 240 cm length x 120 cm depth x 75 cm height; tabletop thickness 1.8 cm. The stem is 120 cm long overall, including a shared 60 x 60 cm junction with the 60 cm deep bar; it extends 60 cm beyond the bar. Front spans follow the updated plan as 90 cm + 60 cm + 90 cm = 240 cm. The hatched 120 cm side-view region is the solid 60 cm wide central support, from the front edge to the rear of the stem, meeting both front modesty panels. It runs from floor to the tabletop underside (73.2 cm), not a hollow opening. Dashed plan lines show support outlines; outer side-support and front modesty-panel details are visual approximations. Drawings are not for fabrication.
